Please provide any additional information about the incident:

A girl contacted me on WhatsApp from an unknown number starting with 9667183542 and pretended to be someone connected to my college. Trusting her, I replied. Suddenly, she made a video call. When I answered, she appeared nude and tried to seduce me forcefully. I immediately disconnected, but she kept calling repeatedly. During this time, she secretly recorded the video call without my consent. After that, she began threatening me. She claimed to be from the cyber police and later another man contacted me, saying that if I did not pay money, they would leak the recorded video on the internet. They continuously blackmailed and mentally harassed me. Out of fear, I paid them money in parts first 2,000, then 1,000, and later they demanded a total of 48,000. Even after paying, the threats and calls have not stopped. They continue to demand more money and threaten to leak the video. I am a college student and was completely unaware of such scams. This situation has caused me extreme mental stress, fear, and anxiety. This is clearly an organized sextortion and blackmail racket. I request immediate help and action to stop the harassment and protect me from further harm.
